

SDS KLINGER

PROFESSIONAL CORDLESS ELECTROSTATIC HANDHELD SPRAYER

DESCRIPTION

Our Professional Cordless Electrostatic Sprayer allows the user hours of spraying time without the hassle of dragging a cord. In addition, it is designed to save time and labor, spray less liquid, and cover more surfaces. Victory Sprayers' patented technology provides an electrical charge to solutions, allowing them to wrap conductive surfaces with an effective and even coverage. Double-charged particles envelope all conductive surfaces – shadowed, vertical and underneath.

As of June 22nd, all VP200ESK shipped will include our new, more versatile soft-sided work site storage bag in lieu of a hard case. This upgrade comes with practical, time-saving benefits, including upright, leak-free storage (no disassembly needed) and extra storage space for an additional tank or battery. It is also packed inside a sturdy, three-color box including all product features, benefits and pertinent information.

KEY FEATURES

- Patented electrostatic charge penetrates chemical providing a thin even spray pattern on all surfaces
- Weighs only 5.9 lbs. with a full tank
- Cordless convenience allows for effortless movement room to room
- 3-in-1 nozzle lets you set the spray particle size to match your application
- Easy Fill HDPE 33.8oz refillable tank allows you coat up to 2800 sq. ft. on 40 micron setting
- Victory 16.8V Lithium-Ion battery allows you to run between 20-80 tanks on a single charge

SPECIFICATIONS

Voltage	16.8V
Warranty	1yr limited warranty
Battery	16.8V 3400mAh Lithium-Ion
Weight	3.8 lbs. (5.9 lbs. full)
LED Light	Yes
Optimum Spray Distance	2 – 3ft
Tank Capacity	33.8 oz.
Run Time	4 hours
Nozzle Spray Sizes	40 micron full cone, 80 micron full cone, 110 micron 120° fan
Charge Time	90 Minutes
Flow Rate	40 micron / 3.1 oz per minute 80 micron / 3.8 oz. per minute 110 micron / 10.5 oz. per minute
